20<sup>th</sup> March 2020

Dear Parents/Carer,

As you know the Government announced that all schools are to temporarily close at the end of today, Friday 20 March, except for children of key workers and vulnerable children.

Your academy will now have been in touch with you to agree whether you are in these categories, and if so, school will be open at the normal time for your child.

The Secretary of State for Education has also asked that schools remain open in some capacity during the Easter break for these children so that designated key workers can continue to fulfil their roles. We will give details of this provision to those families as soon as we are able to.

During this time of uncertainty I want to reassure you that we are doing everything in our power to continue your child's learning - either through remote learning, or in school. We will also make sure that we keep you updated on any developments throughout this time.

Schools are working to an incredibly tight timescale to turn round this provision and we thank you for your ongoing support to Intake Primary Academy and for your patience and understanding during this difficult time.

I wish you and your families good health over the coming period and look forward to returning to school as soon as we know it is possible.

Yours sincerely

Benedick Ashmore-Short  
Interim CEO, Astrea Academy Trust
