Personal, Social, Health & Relationships Education Policy & Curriculum

Date	September 2022
Review Date	September 2023

Intake Primary Academy

Personal, Social, Health & Relationships Education **(including Sex Education)**

AIMS:

To establish a clear policy for RSHE that is understood by all staff, parents and children, providing a sound basis for ensuring that children are taught essential knowledge and skills to grow and develop with confidence, able to make good choices about health and safety.

The policy includes:

- Statutory requirements
- Priorities for our pupils
- How safeguarding fits into PSHRE
- Definitions of aspects taught
- Subject content including how it is taught and who is responsible for teaching it
- Withdrawing children from lessons – parental rights
- Our approach to LGBT relationships
- Monitoring and evaluation procedures

Links to other policies:

- Behaviour
- Equality Plan
- Safeguarding
- First Aid
- Health & Safety
- On-line Safety

Context:

Intake Primary is committed to providing a curriculum that is broad, balanced and meets the needs of all pupils. Our policy is informed by existing DfE guidance and has due regard for updated statutory guidance for RSHE. In writing this policy consideration has been given to the statutory guidance, context of the school, a review of the priority needs of our pupils (particularly with Covid-19 considerations) and consultation feedback with parents.

Intake Primary is situated in Doncaster which is the 48th most deprived out of 326 local authority areas in England (2021). The number of children living in conditions of poverty is higher than the national average. Our school community is diverse and multi-cultural offering a rich community for early socio-cultural and diversity education. Many pupils speak more than one language and from an early age and the school nurtures respect for diversity, inclusion and equality.

The PSHRE curriculum at Intake Primary Academy has therefore been developed to support the knowledge, skills and attributes pupils need to manage their lives, now and in the future: to help them stay healthy, safe and prepare them for life and work in modern Britain.

We teach a full, comprehensive PSHRE curriculum but prioritise aspects that we have identified as significant to our pupils and the community in which they live:

- vocabulary and language to articulate their views and opinions;
- safe use of technology (online safety) including anxiety/mental health issues linked to social media;
- personal safety within the community;
- recognising their own diversity, strengths and talents.

The school’s PSHRE curriculum will always be responsive to any emerging issues. As an example, following Covid-19, the school is aware of the pandemic’s potential impact on children’s mental health and has additionally prioritised social and emotional development. Pupil Voice informs our curriculum too: if an issue is identified, there is greater emphasis placed on particular aspects of the PSHRE taught curriculum and additionally through assembly themes. There are links with our Safeguarding Curriculum too: in addition to specific foci, the school’s curriculum will respond to any emerging safeguarding risks.

PSHRE – what it all means

Personal, Social, Health & Relationships Education is a school subject through which pupils develop the knowledge, skills and attributes they need to manage their lives, now and in the future. These skills and attributes help pupils to stay healthy, safe and prepare them for life and work in modern Britain. (PSHE Association).

Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

TEACHING PSHRE – what pupils are expected to learn by the time they leave primary school

The table below defines the content of what is taught in PSHRE at Intake Primary Academy.

Personal Education	Social Education	Health Education	Relationships Education
<i>Supporting pupils to be confident, capable and resilient individuals</i>	<i>Guiding pupils how to work effectively together with the interpersonal skills needed to relate to others</i>	<i>Giving pupils the information they need to make good decisions about their own health and wellbeing</i>	<i>Teaching the fundamental building blocks and characteristics of positive relationships</i>
Self-esteem & confidence Goal setting & aspirations	Understanding friendship, family and other relationships Conflict resolution Communication skills Bereavement and loss Anti-bullying (inc cyber and homophobic)	Mental wellbeing Internet safety and harms Physical health and fitness Healthy eating Drugs, alcohol and tobacco Health & prevention Basic first aid Changing adolescent body	Families and people who care for me Caring friendships Respectful relationships Online relationships Being safe

Sex Education

The Department for Education recommends that schools have a sex education programme tailored to the age and physical and emotional maturity of its pupils which supports them effectively before moving to secondary school. We agree that pupils should be prepared for the changes that adolescence brings and aim to develop the skills, attitudes and knowledge that they need to form healthy relationships and make well informed choices in the future. Pupils learn what happens in puberty, including periods as a statutory requirement of health education. We understand sex and relationships to be inter-connected and a lifelong learning process but define sex education as *the specific teaching of human reproduction –conception and birth*. In order to teach this in a scientific context we teach this as part of our science curriculum. The national curriculum sets out content that relates to sex education and is required to be taught in science:

Key Stage One – Y1/2	Key Stage Two
Notice that animals, including humans, have offspring which grow into adults. <i>They DO NOT learn how reproduction occurs</i>	Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird. Describe the changes as humans develop to old age.

Human reproduction is taught to pupils in Year 5/6 and specifically teaches pupils about how a baby is conceived and born. This is taught through science.

Delivery & teaching content

At Intake Primary Academy, we teach PSHRE as a whole-school approach through a teaching and learning programme called Jigsaw. This provides a scheme of work that ensures consistency and progression across all the required individual areas across the primary and early years' phase, including statutory Relationships and Health Education, which is tailored to our children's needs.

Jigsaw organises learning content into six units (jigsaw puzzles) across the academic year. These are taught across the school; learning deepens and broadens in each year group through a carefully sequenced and planned progression. Lessons are delivered each week in order to teach the required knowledge and skills in a developmental and age-appropriate way. Where appropriate, outside agencies such as NSPCC, school nurses, who may come into school to deliver topics alongside teaching staff to offer advice and give additional support.

The table in **appendix 2** gives the learning theme of each of the six puzzles (units). These are taught across the school; the learning deepens and broadens every year.

Wider curriculum opportunities

Learning is reinforced and enhanced through; assemblies, behaviour reward systems, pastoral provision and our general relationships with each other as a school community.

Assemblies focus on celebrating achievement and encouraging ambition, British Values and SMSC. Throughout the school year there are events that teach and reinforce the PSHRE curriculum such as Anti-Bullying weeks, Safer Internet Day, Pupil Voice Week.

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

Right to withdraw children

Parents cannot withdraw their child from Personal, Social, Health and Relationships Education. There is no right to withdraw pupils from any science lessons that relate to human development or reproduction. We are of course happy to discuss the content of the curriculum and encourage parents to raise any questions or concerns with their class teacher in the first instance.

Equality and the Public Sector Equality Duty

This PSHRE policy informs the school's Equalities Plan (available online).

As a school, we have a legal duty under the Equality Act (2010) to promote equality and ensure that teaching is accessible to all children, including those who are lesbian, gay, bisexual and transgender (LGBT) in a way that does not subject them to discrimination. The school's PSHRE curriculum teaches the importance of equality and respect and explores homophobic, sexist, sexual and transphobic bullying. We ensure that we lead our community in tolerant and respectful behaviours to others.

Protected Characteristics

It is against the law to discriminate against someone because of: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation. Intake Primary ensures its legal duty for all children have an understanding of the world they are growing up in, learning how to live alongside, and show respect for, a diverse range of people (Equality Act 2010). At Intake Primary Academy, we promote pupils understanding of the protected characteristics through our curriculum and in developing age-appropriate knowledge and appreciation of tolerance and respect for those who share the protected characteristics during their time at school, for example in the unit 'Celebrating Difference'.

All Jigsaw lessons are delivered in an age-and stage-appropriate way so that they meet pupils' needs and can help them understand the wider world.

LGBT relationships

At Intake Primary Academy, we promote respect for all and value every individual child. Through our teaching we encourage pupils to be kind, understanding and respectful of others. We teach them that people have rights but there are also responsibilities that go with these. We teach them that there are laws to protect them and others from being hurt or abused and help protect them from bullying.

LGBT is not mentioned specifically in lessons for children aged 3-7. In materials for 7-11-year olds, some lessons about bullying provide opportunities for teachers to discuss and correct homophobic language the children may be using, such as the inappropriate use of the words 'gay' and 'lesbian', or the use of slang words that are LGBT - phobic.

For further information on how we approach LGBTQ relationships, please refer to including and valuing all children: What does Jigsaw teach about LGBT relationships?

Gender Identity

The issue of gender identity is rarely treated as an explicit focus in Jigsaw 3-11. There are opportunities for transgender to be included in classroom discussions at the teacher's discretion, but there is only one lesson (for children aged 10-11 years) where this term is used explicitly. There is one lesson in KS1 which looks at whether being a boy or a girl makes a difference when choosing friends and toys. The lesson includes a character who the children do not know is a girl or a boy to help stimulate discussion about whether this

makes a difference.

Monitoring & Evaluation

Jigsaw's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported. The subject leader for PSHRE will liaise with staff, senior leaders and relevant governors to ensure policy and practice is effective and that staff are supported and trained to deliver the curriculum.

Monitoring of the impact of this policy includes prioritising pupil voice. Pupils are interviewed for their views on all aspects of safety and wellbeing by governors and SLT and they participate in important roles as part of the extended School Council to support the school's monitoring schedule. This supports us in shaping the curriculum to emerging needs and helps in prioritising pupil views.

The Trust undertakes an annual safeguarding review and audit which also includes pupil voice and supports changes where needed to the way the policy is lived.

The Governing Body of Intake Primary monitors this policy at least yearly and often more, in line with the school's monitoring schedule. Additional surveys ensure that all stakeholders can input their views and opinions to policy and practice. School leaders and Governors give serious consideration to any comments from parents about the PSHRE programme. Governors challenge leaders about teaching materials and approaches to check they are in accordance with the school's ethos.

Policy Review

This policy is reviewed annually.

Appendix 1

Our PSHRE policy is informed by existing DfE guidance:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC)
- SMSC requirements for independent schools (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).
